

Anywhere Cart Service Bulletin

Discontinued Part - GFCI Module

October 26, 2018

Subject: Discontinuation of GFCI module.

Overview

This service bulletin describes the discontinuation of the GFCI modules in all Anywhere Cart products.

Products Affected

AC-PLUS, AC-PLUS-T, AC-SLIM, AC-SLIM-PW45 AC-MAX, AC-PRO-II, AC-MANAGE, AC-36, AC-36-PW45, AC-45

Details

Anywhere Cart will be discontinuing the GFCI modules in all products sold. All Anywhere Cart products have a UL Listed Standard 60950-1. This UL Listing includes the cart, timer and all components of the cart. In some instances, the use of the GFCI has caused nuisance tripping and has been removed from current production. Some existing inventory may include the GFCI modules, but it is not a necessary part for normal operation of the cart. If your cart experiences nuisance tripping, please remove the GFCI module.
